# **Regions of California**

Page 22 - HSS book

# First- desert - yellow

Use the brown California cut out to trace the desert region to the east

## Second

Glue it to your map

### Third - Valley - Green

Use the HSS textbook

To find the valley region on

page 22.

Cut out a similar shape on green

Paper. Glue it to your map.

Main Idea Two mai are its coast and mountains Regions can be based on features such as climate or landforms. People

also use location to describe regions. Many Californians think of their state as having four main regions: the coast, the mountains, the Central Valley, and the desert. Each of these regions is a broad area. They may contain many climates and landforms.
