Before and After School Programs

QUALITY PROGRAMMING 6:45 AM TO 6:00 PM

Maple believes that quality before and after school programs provide needed academic, social, and enrichment opportunities for our students while our parents work. We want all of our hardworking families to have access to these quality programs, so they can feel comfortable working before or after school. Maple provides **FREE, QUALITY** before and after school programs to all of our students, TK-6th Grade:
