Student Survey

1

# Open Enrollment

The high school that you will attend will depend on where you live.

This is called your  
**SCHOOL OF RESIDENCE.**

**To find your school of residence,  
scan this QR code & type in your  
address.**

**What is your school of residence?**

# Open Enrollment

- If you want to attend a **DIFFERENT** high school than your school of residence, you can apply to your school of choice through a process called **OPEN ENROLLMENT**
- The high school district is separate from ours, so any transfers you previously had no longer apply.

# What is Open Enrollment?

- Between **Jan 17th-Feb 3rd, 2023**, FJUHSD offers Open Enrollment for incoming 9th graders.
- If you live between the Fullerton attendance boundary you can apply for any high school.
- If you live out of district boundaries, you can fill out an inter-district transfer from the school district that you live in.

# Open Enrollment Procedures

- ❑ If you plan to attend your school of residence, no action is needed
- ❑ If you plan to attend another school within FJUHSD, you need to pick up an application starting on **January 17, 2023** and turn in by **3 pm on Fri, February 3, 2023**. No exceptions!!
- ❑ Applications must be picked up and turned in at your **HIGH SCHOOL OF RESIDENCE**, not your junior high school or the school of choice.
- ❑ If schools receive more requests than space available, a lottery system is in place along with a waitlist
- ❑ You will be notified at the end of February whether you are accepted at your school of choice.
  - ❑ You must register at the school of choice by the March deadline, or you will lose your spot!

# Things To Consider for HS:

## Student Strengths

Are there classes that will allow you to explore what you are interested in?

## Transportation/Convenience

How will you get to school? How long will it take?  
The High School District will not provide transportation to any school outside of your school of residence

## School Climate & Culture

What resources and supports are available for students?

# Honors Classes & Testing

# Honor Classes

- Honors classes move at a faster pace and teach more in-depth knowledge. More homework is given than regular grade level classes.
  - 9th grade honors classes can include:  
English 1 Honors, Biology Honors,  
Geometry Honors, Algebra 1 Honors

You don't have to have honors classes in junior high to try it in high school!

## **Advanced Placement (AP) & International Baccalaureate (IB)**

- These are college level classes taken during HS. You can earn college credit if you pass the AP or IB exam at end of the school year.
- Usually are taken during 10-12th grades, some are taken in 9th grade
- IB: take individual IB classes or earn full IB diploma

# Benefits of Taking Honors/AP/IB Classes

---

## Challenge

Classes are more challenging so they prepare you for College level schoolwork

## College Application

Stands out on your college application

## College Credit

Earn college credit in high school and reduce the time it takes to finish college

## Motivation

Be in classes with other highly motivated students

## Honors Testing Dates
