Span:

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

About Our School

Hermosa Drive aims to be the most inclusive, family-friendly community school where high academic standards and kindness are at the core, while meeting the needs of every child, socially and emotionally. Through a whole child learner-centered approach, Hermosa Drive has a balanced and inclusive learning environment with high academic standards, rich integrated programs for healthy minds and bodies, and a community built on partnerships and strong relationships. Our nurturing school strives to meet the needs of all learners on campus through a rigorous curriculum designed to target learning standards from kindergarten to sixth grade.

Hermosa is proud of the diverse ethnic, language, and cultural backgrounds each student brings to the campus. We provide a variety of specialized programs such as the VIP 1:1 iPad program, Gifted and Talented Education, Media Broadcasting, Robotics and Drones, Rubix's Cubes, Speech and Debate, Gardening, Yoga, Hockey, After School Sports, and Service Learning Projects. We have been honored with the California Distinguished School Award, California Gold Ribbon Award and America's Healthiest Schools Award which highlighted these special programs. Parents and community volunteers are ever-present on campus and partner with staff to support our school extensively through instructional assistance, supporting specific student needs, preparing materials, and coordinating special events and fundraisers.

Standards-aligned, research-based, and technology-rich classroom instruction taught by our highly trained staff, delivers curriculum to all students. A comprehensive system of assessment and data analysis is in place to monitor student progress and achievement and to ensure growth with a refined, systematic intervention program to support students at each grade level. Technology is routinely utilized to strengthen and extend learning experiences for all students in grades TK-6.

Arrival on our park-like campus ensures a personal greeting for each student from our principal and staff, and a "sea of school spirit" greets visitors on spirit days as students and staff visibly show their Hermosa pride. We are proud to be Hermosa Hawks.

School Description and Mission Statement (School Year 2022–23)

Hermosa Drive Elementary School is located in the northern section of Fullerton, one of 21 school sites in the Fullerton School District. Hermosa Drive Elementary is a school where the entire school and community work cooperatively to encourage academic, social, emotional, and wellness for each student. We believe in educating the whole child (heart, mind, and body). At Hermosa Drive we aim to be a family-friendly community school where high academic standards and kindness are at our core. Through a whole child learner-centered approach, Hermosa Drive has a balanced and inclusive learning environment with high academic standards, rich integrated programs for healthy minds and bodies, and a community built on partnerships and strong relationships. The School Accountability Report Card is a summary report of a variety of areas in our educational program. If you would like additional information on any of these areas, please feel free to call Hermosa Drive Elementary School at (714) 447-7720.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Teacher Preparation and Placement (School Year 2019–20)

Note: The data in this table is based on full-time equivalent (FTE) status. One FTE equals one staff member working full-time; one FTE could also represent two staff members who each work 50 percent of full-time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

The District takes great efforts to ensure that all schools are clean, safe, and functional. Listed below is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Acacia Elementary School has 21 classrooms, a library media center, a computer lab and a multi-purpose room. The main campus was built in 1957. Additions were constructed in 1960 and 1965. Two portable classrooms were added in 1988 and two more were added in 1997 and another in 2013. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. The District has established cleaning standards for all schools in the district. A summary of these standards is available at the district maintenance office. The Maintenance and Operations staff works with the custodial staff to develop cleaning schedules to ensure a clean and safe school. The District participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior and exterior painting, and floor systems. During 2021-22, the District spent \$0 on Deferred Maintenance. For the 2022-23 school year, the District budgeted \$5 for Deferred Maintenance expenditures.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAA] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAA for ELA** in grades three through eight and grade eleven.
 2. **Smarter Balanced Summative Assessments and CAA for mathematics** in grades three through eight and grade eleven.
 3. **California Science Test (CAST) and CAA for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students

administered assessment
Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2020– 21	School 2021– 22	District 2020– 21	District 2021– 22	State 2020– 21	State 2021– 22
English Language Arts / Literacy (grades 3-8 and 11)	N/A	54%	N/A	57%	N/A	47%
Mathematics (grades 3-8 and 11)	N/A	48%	N/A	48%	N/A	33%

Note: Where it was the most viable option, in 2020–21, LEAs were required to administer the statewide summative assessment in ELA and mathematics and where a statewide summative assessment was not the most viable option for the LEA, LEAs were permitted report results from a different assessment that meets the criteria established by the California State Board of Education on March 16, 2021. The 2020–21 data cells for the school, district, state have N/A values because these data are not comparable to 2021–22 data.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAA divided by the total number of students who participated in both assessments.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions for School Year 2019–20 Only (data collected between July through February, partial school year due to the COVID-19 pandemic)

Rate	School 2019–20	District 2019–20	State 2019–20
Suspensions	0.00%	1.17%	2.45%
Expulsions	0.00%	0.00%	0.05%

Note: The 2019–20 suspensions and expulsions rate data are not comparable to other year data because the 2019–20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019–20 school year compared to other school years.

School Safety Plan (School Year 2022–23)

A comprehensive school safety plan was developed and approved prior to March 1, 2000 in compliance with Education Code Sections 33126, 35256, and 32286 as well as applicable District policies and regulations. Each year, prior to March 1, the school's safety plan is reviewed, updated and discussed with staff and School Site Council. Annually, the school's staff reports on the status of its safety plan with the school leadership team, PTA and School Site Council. Status reports and updates are reviewed at the beginning of each school year and again in December before the finished School Safety Plan is approved by the members of the School Site Council on March 1. The key elements of the plan include: a) providing a safe teaching and learning environment for all students and staff members, b) ensuring that all students are safe and secure while at school sponsored activities, c) making district programs and community resources available to students and parents, and d) creating a school where students, programs, and community members interact in an atmosphere of mutual respect that enhances the environment for learning. Each year the school submits along with the safety plan a detailed "action plan" which addresses the identified areas the staff and School Site Council has brought forward as critical areas of concern or how they should improve. A copy of the plan is available at all times in the school office and will provide a more detailed description of each element of the plan including specific actions, resources and time lines to be implemented by the school. Copies are also available at the District Office in the office of Child Welfare and Attendance.
