

The graphic features a light blue background with a large, dark blue, wavy shape in the center. Inside this shape, the text "Project Curiosity" is written in a large, bold, white sans-serif font. Below it, "The Art & Science of Nature" is written in a smaller, bold, white sans-serif font, and "Orangethorpe Elementary" is written in a regular, white sans-serif font. The graphic is decorated with white silhouettes of a fish, a dolphin, and a turtle. There are also white circles of varying sizes and a circular inset at the bottom center showing a colorful, abstract design with orange, blue, and purple shapes.

Project Curiosity

The Art & Science of Nature

Orangethorpe Elementary

Project Curiosity

Orangethorpe Elementary believes that every student should engage in hands-on, experiential learning. Students are encouraged to be curious in their learning, allowing them to engage new ideas and build cognitive connections.

The Art & Science of Nature
