By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE)
 SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard)

https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

About This School

Principal, Rolling Hills Elementary

About Our School -

The Rolling Hills School Community engages all students in a comprehensive academically challenging technology and arts - infused curriculum that fosters critical thinking and creativity within a safe and caring environment. The staff of Rolling Hills works closely with its community members to enrich learning experiences across grade levels and programs. We strive to guide students as they develop into creators, thinkers, inventors, problem solvers, and life-long learners. Whether students are engaged in learning through the medium of visual and performing arts, music, gardens, or the 1:1 program in kindergarten through sixth grades, Rolling Hills Roadrunners are striving to achieve "The Roadrunner Way". Students are safe, kind and responsible as they collaborate through the myriad of opportunities found within our school.

School Description and Mission Statement (School Year 2023-24)

Nestled in the guiet hills of northeastern Fullerton, Rolling Hills Elementary School is one of 20 sites in the Fullerton School District. Rolling Hills serves students in transitional kindergarten through sixth grade. In addition to the traditional elementary school program, Rolling Hills is home to a thriving multi-age program, which extends from kindergarten through sixth grade. As a school that embraces the infusion of visual and performing arts into all content areas, Rolling Hills has a rich tradition of involving students in a variety of arts-based enrichment activities, which directly support our curriculum. Five full-length musical productions each year delight parents and community members and offer students the opportunity to participate in all aspects of the production. These musical productions fully integrate a variety of Common Core Standards and are designed to support student learning through the arts. From set and costume design to the technical side of these productions, students are exposed to a variety of wonderful learning opportunities as a result of their participation. All students at Rolling Hills also participate in the All the Arts for All the Kids program, which brings

outstanding lessons to all students in the areas of music, art, drama, and dance. Rolling Hills students also participate in classroom and school-wide service learning opportunities throughout the year. These projects encourage students to work in service to others and create a greater awareness of the world around them. In addition to our programs that support arts-infusion and service learning for all students, special attention is paid to our English Learners and At-Risk Students. These students participate in a variety of activities throughout the day specifically designed to enhance their success within our school community. ELD is offered in compliance with state requirements and struggling students participate in intervention sessions during the school day. Students at Rolling Hills are encouraged to discover their talents and actively explore the world around them. Rolling Hills students experience a depth of learning which allows them to thoroughly engage themselves in a variety of standards-based activities and students are encouraged to excel in all academic areas. Rolling Hills is a school that promotes lifelong learning and reflective thinking among all members of our school community in a warm and encouraging environment.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Teacher Preparation and Placement (School Year 2020–21)

School Facility Conditions and Planned Improvements

The District takes great efforts to ensure that all schools are clean, safe, and functional. Listed below is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Rolling Hills Elementary School has 24 classrooms, a daycare center, a multipurpose room and a library media center. The main campus was built in 1962. Additions were constructed in 1963 and 1972. Four portable classrooms were added in 1963, one was added in 1995, and one was added in 2001. The daycare building was purchased from the YMCA in 2005 and the multipurpose room was completed in 2006. In 2009 and additional 960 square foot relocatable was added to accommodate the expanding multi-age program. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. The District has established cleaning standards for all schools in the district. A summary of these standards is available at the district maintenance office. The Maintenance and Operations staff works with the custodial staff to develop cleaning schedules to ensure a clean and safe school. The District participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior and exterior painting, and floor systems. During 2022-23, the District spent \$0 on Deferred Maintenance. For the 2023-24 school year, the District budgeted \$5 for Deferred Maintenance expenditures.

Using the **most recently collected** Facility Inspection Tool (FIT) data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The rate for each system inspected
- The overall rating

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

• Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAA] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. Smarter Balanced Summative Assessments and CAA for ELA in grades three through eight and grade eleven.
- 2. Smarter Balanced Summative Assessments and CAA for mathematics in grades three through eight and grade eleven.
- 3. California Science Test (CAST) and CAA for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- College and Career Ready: The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAA divided by the total number of students who participated in both assessments.

Opportunities for Parental Involvement (School Year 2023–24)

Rolling Hills offers parents a variety of opportunities for involvement, both large and small. There is a rich tradition of volunteerism on our campus, with over 18,000 volunteer hours logged by parents. In addition to serving as classroom volunteers, the majority of parents also participate in PTA or in activities to support the Rolling Hills Education Foundation. Parents are also encouraged to support the school wide emphasis on the visual and performing arts by assisting with arts lessons, designing and sewing costumes for one of our five full-length musical productions, building and painting sets. Our parent community also supports school wide activities like

Red Ribbon Week and Walk-a-Thon. Rolling Hills provides a lively and active environment for school community members, with Family Nights, Parent Education Nights, Donuts with a Dear one, Family movie nights, Pancake Breakfast, the Garden Activities, a school jog-a-thon and many other activities throughout the school year.

School Safety Plan (School Year 2023-24)

A comprehensive school safety plan was developed and approved in compliance with Education Code Sections 33126, 35256, and 32286 as well as applicable District policies and regulations. Each year, prior to March 1, the school's safety plan is reviewed, updated and discussed with staff and School Site Council. Annually, the school's staff reports on the status of its safety plan with the school leadership team, PTA and School Site Council. Status reports and updates are reviewed at the beginning of each school year and again in December before the finished School Safety Plan is approved by the members of the School Site Council on March 1. The key elements of the plan include: a) providing a safe teaching and learning environment for all students and staff members, b) ensuring that all students are safe and secure while at school sponsored activities, c) making district programs and community resources available to students and parents, and d) creating a school where students, programs, and community members interact in an atmosphere of mutual respect that enhances the environment for learning. Each year the school submits along with the safety plan a detailed "action plan" which addresses the identified areas the staff and School Site Council has brought forward as critical areas of concern or how they should improve. A copy of the plan is available at all times in the school office and will provide a more detailed description of each element of the plan including specific actions, resources and time lines to be implemented by the school. Copies are also available at the District Office in the office of Child Welfare and Attendance.

Approved by School Site Council: January 29, 2024
