The background of the slide is a light gray color with a faint, artistic illustration of a hand holding a pencil, positioned as if about to draw a globe. The globe is partially visible, showing some continents and latitude/longitude lines. The overall aesthetic is clean and educational.

Fullerton School District Dual Language Academy

The mission of the Fullerton School District's Dual Language Academy is for all students to reach high levels of academic achievement, develop biliteracy and bilingualism, and cultivate cross-cultural competencies needed to succeed in a multicultural society and global economy.

“Great Schools, Successful Kids”

The Seal of Biliteracy is an award given by a School or District in recognition of students who have studied and attained proficiency in two or more languages by high school graduation.

A Seal of Biliteracy and the Pathway awards are a statement by the District that mastery of two or more languages is important. It encourages students to pursue biliteracy, honors the skills our students attain, and can be evidence of skills that are attractive to future employers and college admissions offices.

- ✿ You will be shown a group of numbers/ words/items and will need to decide which one is different from the rest in some way
- ✿ Once grid is shown, there will be a minute of silence for everyone to find their “one thing” and come up with the reason that it is different
- ✿ If time allows, look for other differences within the grid
- ✿ When directed, discuss your “one thing” with a partner and explain your reasoning
