School Accountability Report Card Reported Using Data from the 2018—19 School Year California Department of Education

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

About Our School

The Rolling Hills School Community engages all students in a comprehensive academically challenging technology and arts-infused curriculum that fosters critical thinking and creativity within a safe and caring environment. The staff of Rolling Hills works closely with its community members to enrich learning experiences across grade levels and programs. We strive to guide students as they develop into creators, thinkers, inventors, problem solvers, and life-long learners. Whether students are engaged in learning through the medium of visual and performing arts, music, gardens, or the 1:1 program in fourth through sixth grades Rolling Hills Roadrunners are striving to achieve "The Roadrunner Way". Students are safe, kind and responsible as they collaborate through the myriad of opportunities found within our school.

School Description and Mission Statement (School Year 2019—20)

Nestled in the quiet hills of northeastern Fullerton, Rolling Hills Elementary School is one of 20 sites in the Fullerton School District. Rolling Hills serves students in kindergarten through sixth grade. In addition to the traditional elementary school program, Rolling Hills is home to a thriving multi-age program, which extends from kindergarten through sixth grade. As a school that embraces the infusion of visual and performing arts into all content areas, Rolling Hills has a rich tradition of involving students in a variety of arts-based enrichment activities, which directly support our curriculum. Five full-length musical productions each year delight parents and community members and offer students the opportunity to participate in all aspects of the production. These musical productions fully integrate a variety of Common Core Standards and are designed to support student learning through the arts. From set and costume design to the technical side of these productions, students are exposed to a variety of wonderful learning opportunities as a result of their participation. All students at Rolling Hills also participate in the All the Arts for All the Kids program, which brings outstanding lessons to all students in the areas of music, art, drama, and dance. Rolling Hills students also participate in classroom and school-wide service learning opportunities throughout the year. These projects, which range from support for the Ocean Institute in Dana Point, encourage students to work in service to others and create a greater awareness of the world around them. In addition to our programs that support arts-infusion and service learning for all students, special attention is paid to our English Learners and At-Risk Students. These students participate in a variety of activities throughout the day specifically designed to enhance their success within our school community. ELD is offered in compliance with state requirements and struggling students participate in intervention sessions during the school day. Students at Rolling Hills are encouraged to discover their talents and actively explore the world around them. Rolling Hills students experience a depth of learning which allows them to thoroughly engage themselves in a variety of standards-based activities and students are encouraged to excel in all academic areas. Rolling Hills is a school that promotes lifelong learning and reflective thinking among all members of our school community in a warm and encouraging environment.

School Facility Conditions and Planned Improvements

The District takes great efforts to ensure that all schools are clean, safe, and functional. Listed below is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Acacia Elementary School has 21 classrooms, a library media center, a computer lab and a multi-purpose room. The main campus was built in 1957. Additions were constructed in 1960 and 1965. Two portable classrooms were added in 1988 and two more were added in 1997 and another in 2013. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. The District has established cleaning standards for all schools in the district. A summary of these standards is available at the district maintenance office. The Maintenance and Operations staff works with the custodial staff to develop cleaning schedules to ensure a clean and safe school. The District participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior and exterior painting, and floor systems. During 2018-19 the District spent \$30 on Deferred Maintenance. For the 2019-20 school year the District budgeted \$36,145 for Deferred Maintenance expenditures.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

**CAASPP Test Results in ELA and Mathematics for All Students
Grades Three through Eight and Grade Eleven
Percentage of Students Meeting or Exceeding the State Standard**

Subject	School 2017–18	School 2018–19	District 2017–18	District 2018–19	State 2017–18	State 2018–19
English Language Arts / Literacy (grades 3-8 and 11)	60.0%	59.0%	59.0%	58.0%	50.0%	50.0%
Mathematics (grades 3-8 and 11)	51.0%	53.0%	51.0%	51.0%	38.0%	39.0%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2019—20)

Rolling Hills offers parents a variety of opportunities for involvement, both large and small. There is a rich tradition of volunteerism on our campus, with over 18,000 volunteer hours logged by parents. In addition to serving as classroom volunteers, the majority of parents also participate in PTA or in activities to support the Rolling Hills Education Foundation. Parents are also encouraged to support the school wide emphasis on the visual and performing arts by assisting with arts lessons, designing and sewing costumes for one of our five full-length musical productions, building and painting sets. Our parent community also supports school wide activities like Red Ribbon Week and Walk-a-Thon. Rolling Hills provides a lively and active environment for school community members, with Family Nights, Parent Education Nights, Donuts with a Dear one, Family movie nights, Pancake Breakfast, the Garden Activities, a school jog-a-thon and may other activities throughout the school year.

School Safety Plan (School Year 2019—20)

A comprehensive school safety plan was developed and approved prior to March 1, 2000 in compliance with Education Code Sections 33126, 35256, and 32286 as well as applicable District policies and regulations. Each year, prior to March 1, the school's safety plan is reviewed, updated and discussed with staff and School Site Council. Annually, the school's staff reports on the status of its safety plan with the school leadership team, PTA and School Site Council. Status reports and updates are reviewed at the beginning of each school year and again in December before the finished School Safety Plan is approved by the members of the School Site Council on March 1. The key elements of the plan include: a) providing a safe teaching and learning environment for all students and staff members, b) ensuring that all students are safe and secure while at school sponsored activities, c) making district programs and community resources available to students and parents, and d) creating a school where students, programs, and community members interact in an atmosphere of mutual respect that enhances the environment for learning. Each year the school submits along with the safety plan a detailed "action plan" which addresses the identified areas the staff and School Site Council has brought forward as critical areas of concern or how they should improve. A copy of the plan is available at all times in the school office and will provide a more detailed description of each element of the plan including specific actions, resources and time lines to be implemented by the school. Copies are also available at the District Office in the office of Child Welfare and Attendance.

Approved and reviewed with staff on January 22, 2020
