School Accountability Report Card
Reported Using Data from the 2018—19 School Year
California Department of Education

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC).The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.

- For more information about the LCFF or LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.

- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2019—20)

Inspiring Students to college and career readiness through academic precision, shared community responsibility, commitment to equity & inclusion, and igniting their personal passion, on their path to becoming contributing, empathetic members of society.

Vision**:** At Woodcrest we inspire, we ignite, we empower!

Our Mission is to:

- Meet the needs of our community of learners through rigorous instruction, purposeful technology integration, and our Response to Intervention Model.

- Create a safe, equitable, inclusive learning environment, where all students' cultures and backgrounds are respected, through the use of Positive Behavior Intervention and Supports.

- Provide students the tools to be responsible problem solvers and promote their social and emotional learning through the use of Restorative Practices

- Provide students opportunities to explore their passions through relevant learning experiences and our After School Passion Academies.

- Provide students with opportunities to explore ways to become advocates for equity and social justice and to become change makers in our school and surrounding community.

- Provide meaningful engagement opportunities for students, families, staff, and the community.

School Facility Conditions and Planned Improvements

The District takes great efforts to ensure that all schools are clean, safe, and functional. Listed below is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Acacia Elementary School has 21 classrooms, a library media center, a computer lab and a multi-purpose room. The main campus was built in 1957. Additions were constructed in 1960 and 1965. Two portable classrooms were added in 1988 and two more were added in 1997 and another in 2013. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. The District has established cleaning standards for all schools in the district. A summary of these standards is available at the district maintenance office. The Maintenance and Operations staff works with the custodial staff to develop cleaning schedules to ensure a clean and safe school. The District participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior and exterior painting, and floor systems. During 2018-19 the District spent $30 on Deferred Maintenance. For the 2019-20 school year the District budgeted $36,145 for Deferred Maintenance expenditures.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and

- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Subject	School 2017—18	School 2018—19	District 2017—18	District 2018—19	State 2017—18	State 2018—19
English Language Arts / Literacy (grades 3-8 and 11)	37.0%	29.0%	59.0%	58.0%	50.0%	50.0%
Mathematics (grades 3-8 and 11)	28.0%	22.0%	51.0%	51.0%	38.0%	39.0%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2019—20)

Woodcrest School does the following to promote and increase parent involvement: Convenes an annual meeting to inform parents of Title I students of Title I requirements and their rights to be involved in the Title I program which occurs during our Back to School Night. We offer a flexible number of meetings to increase parent participation through various committees. The English Learner Advisory Council (ELAC) provides parents of English learners an opportunity to learn about support and programs for students who are learning English. These meetings are held monthly in the morning. The Parent Teacher Association (PTA) provides parents an opportunity to volunteer their time supporting our school programs and fundraising efforts. The School Site Council (SSC) reviews our single plan for student achievement, safety plans, and school categorical budgets. Our parent education classes provide parents with information on how to help their child at home. Our annual Thanks to Our Super Parent Event provides our parents an opportunity to engage with their children in their classrooms. Our Family Tech Nights offer families an opportunity to see student technology projects, as well as expand their technology knowledge base. Our annual Reading Day promotes literacy in the classroom by having parents, grandparents, and volunteers read to our students. Parents are continually invited to become involved in their child's education through our classroom volunteers. Our family literacy pre-school offers parents monthly workshops on a variety of topics. Parents also participate in the school through Back to School Night, Open House, parent conferences in the fall and spring, school carnival, monthly award citizenship assemblies, trimester award assemblies, and promotion ceremonies. There are other opportunities for parent involvement throughout the year. Please contact our school office for further information on parent involvement.

School Safety Plan (School Year 2019—20)

A comprehensive school safety plan was developed and approved prior to March 1, 2000 in compliance with Education Code Sections 33126, 35256, and 32286 as well as applicable District policies and regulations. Each year, prior to March 1, the school's safety plan is reviewed, updated and discussed with staff and School Site Council. Annually, the school's staff reports on the status of its safety plan with the school leadership team, PTA and School Site Council. Status reports and updates are reviewed at the beginning of each school year and again in November before the finished School Safety Plan is approved by the members of the School Site Council on November 13. The key elements of the plan include: a) providing a safe teaching and learning environment for all students and staff members, b) ensuring that all students are safe and secure while at school sponsored activities, c) making district programs and community resources available to students and parents, and d) creating a school where students, programs, and community members interact in an atmosphere of mutual respect that enhances the environment for learning. Each year the school submits along with the safety plan a detailed "action plan" which addresses the identified areas the staff and School Site Council has brought forward as critical areas of concern or how they should improve. A copy of the plan is available at all times in the school office and will provide a more detailed description of each element of the plan including specific actions, resources and time lines to be implemented by the school. Copies are also available at the District Office in the office of Child Welfare and Attendance.
