Subject: First Interim Report

The District's First Interim Financial Report consisting of current year financial statements and budgets for all funds, as well as the required State reports, is attached. This memo provides a narrative overview of the report.

Background

The District is required to formally report to our community, the Orange County Department of Education (OCDE), and the State of California our actual financial results of operations three times a year. In addition to providing July 1 through year-to-date results, the reports also provide projected results for future periods. The required reports are as follows:

ReportReports Actual Financial Results through:Due Date:First InterimOctober 31December 15Second InterimJanuary 31March 15J-200 Unaudited ActualsJune 30September 15

Financial Reports Included—First Interim Report to Board

The following reports are provided in this document:

- First Interim Budget Projections (showing the Original Adopted Budget and the revised First Interim Budget)
- First Interim State Report (SACS format)
- Multi-year Projections
- State Criteria and Standards

Year-to-date financial statements reflect actual financial results from the District's accounting system, which is maintained through OCDE on the Bi-Tech accounting system. For the First and Second Interim Reports, results are on a cash basis (no accruals are booked). Accruals are recorded for the year-end financial statements.

Current year budgets and multi-year projections are based on information provided by OCDE, the California Department of Education, School Services of California, and other relevant professional sources. A summary of the various factors used is attached at the end of this memo. Additional discussion is provided below.

Current Year Budget

At First Interim, the District updates its original 2021-22 budget (adopted by the Board of Trustees on June 22, 2021) to reflect current financial projections. When updating its First Interim budget, the District utilized the most up-to-date information and forecasts that it has received from the California Department of Education (CDE) and the Orange County Department of Education (OCDE). The reason for the changes are routine, but also contain a few significant changes.

There are material changes to the budget reflected in the First Interim: a decrease of \$2,161,674 in the estimated amount of General Fund contribution, a decrease of \$895,966 in total expenditures mostly due to COVID-19 projected expenses above what was already received as well as carryover adjustments. Various line item budgets have changed due to revisions to the budget since June.

Routine First Interim Budget Adjustments: In addition to the non-routine items noted above, the District reviews all of its accounts and has adjusted its First Interim budget projections to reflect the following:

- Based upon current enrollment data, the District may adjust its revenue accounts that are based on Average Data Attendance (ADA). If start-of-school enrollment is materially different from budget projections, revenues will be recalculated based upon updated ADA projections. Second month enrollment totaled 11,611—461 less than second month enrollment for the 2020-21 school year. In the case of declining enrollment, the State "holds harmless" a District for the first year, allowing the District to claim the (higher) prior-year ADA for apportionment funding. Although ADA is held harmless, our Unduplicated Pupil Percentage (UPP) are updated. The District is still using 2019-20 Second Period ADA of 12,459 in its enrollment projection in the First Interim budget, due to the extra hold harmless with COVID. The effect of the 2021-22 declining enrollment is reflected in the 2022-23 projection (discussed further below).
- Categorical/restricted revenue accounts updated to most recent grant/entitlement letters and other
 information received from the State and federal governments. Corresponding expenditure
 accounts are also adjusted accordingly. Indirect costs are updated to reflect changes in total
 estimated expenditures. There have been a couple of sizable grants received since Adopted
 Budget and those are now projected in the Restricted revenue and offsetting expenditure accounts.
- Other income accounts analyzed and adjusted to reflect year-to-date receipts and estimated year-end amounts (specifically interest).
- Revenues and expenditures of programs that receive contributions from the General Fund updated to current projections and contributions accounts adjusted accordingly.
- Salary and benefit accounts adjusted to reflect updated staffing levels and changes to benefit costs, including health insurance costs.
- All expenditure accounts analyzed and adjusted to reflect year-to-date expenditures and estimated expenditures to finish the year.

At the original adopted budget, the District projected an Unrestricted General Fund net loss for the 2021-22 fiscal year of (\$134,259). After all of the above adjustments, the 2021-22 updated First Interim budget reflects a net increase of \$3,015,741.

The revised ending unrestricted fund balance is projected at \$29,800,311, or 15.52% of the General Fund expenditures. This amount is \$24,038,588 above the State-required 3% reserve.

Multi-Year Projections

The most important element of the First Interim Report is the three-year projection for the General Fund. In this forecast, the District projects its financial prognosis for the current and subsequent two years. The purpose of the projection is to report to its stakeholders on the continued fiscal viability of the District. The projection provides the rationale for the District's choice of certification options (Positive, Qualified, or Negative) on its Certification of Financial Condition.

Please refer to the attached summary for details of the significant variables and assumptions used in the preparation of the District's three-year projection.

The following discusses the most significant items in the three-year projection:

LCFF: The District is utilizing the Department of Finance's estimated COLAs and LCFF Funding Rate percentages.

Fullerton School District is reporting a 54.28%, 54.75%, and 54.78% Unduplicated Percentage of enrollment for 2021-22 through 2023-24 based on a rolling three-year average.

ADA: Based upon the 2021-22 drop in enrollment, the District is projecting a decrease in apportionment earning ADA of 116 in 2022-23.

Additional One-time Revenues: One-time revenues related to COVID-19 are adjusted for in the three-year projection. No additional one-time revenues are projected after the 2021-22 budget year. Appropriate carryover has been posted.

Employee Compensation: Normal ongoing step and column increases are included in the three-year projection. There is no adjustment for salary change in the three-year projection. Also in 2022-23, the budget projection includes \$1,461,995 for projected increases in STRS and PERS rates to be paid by the District. An additional \$115,536 is added in 2023-24.

Budget Additions/Decreases: The budget includes approximately \$1,500,000 and an additional \$1,400,000 for attrition in 2022-23 and 2023-24 projections accordingly. Health and welfare has been adjusted by \$500,000 in 2022-23 and an additional \$600,000 in 2023-24. No other budget augmentations, other than routine inflationary increases, have been added.

<u>Items Not Yet Accounted for in Three-year Projection</u>

Negotiated Increase to Employee Compensation: The District has not reached agreement with the Fullerton Elementary Teachers Association (FETA) or California School Employees Association (CSEA) bargaining unit for 2021-22. Therefore, no additional amount has been added into the projection.

Ending Fund Balances

Taking into account all of these changes to the three-year projection, the District projects net decreases in the current and subsequent fiscal years in the Unrestricted General Fund. The projected Unrestricted General Fund ending fund balance percentages are as follows:

Fiscal Year Ended	*Available Funds	Assigned Funds	Total
	<u>Percentage</u>	<u>Percentage</u>	<u>Percentage</u>
June 30, 2022	15.52%	0.78%	16.30%
June 30, 2023	19.16%	1.37%	20.53%
June 30, 2024	16.09%	1.34%	17.43%

^{*}Available Funds include Unassigned Funds and 3% Minimum Reserve for Economic Uncertainties.

Required Disclosure under Education Code section 42127(a)(2)(b) regarding reasons for Ending Fund Balances above the State-recommended minimum level

Education Code section 42127(a)(2)(b) requires a statement of reason that substantiates the need for assigned and unassigned ending fund balances in excess of the minimum reserve standard for economic uncertainties for each fiscal year be identified in the budget.

The Board of Trustees of the Fullerton School District currently maintains a prudent reserve which provides for anticipated future expenditures for technology, instructional materials, and other

necessary instructional expenditures. The District must also have funds available to mitigate the costs of declining enrollment to the District. Additionally, the reserve is maintained to provide for unplanned or emergency expenditures that might occur in the future. The District must also plan for future facilities needs. Finally, the District must plan for future downturns in the State economy which could negatively affect the District's budget.

Certification

Based upon current projections and budget assumptions regarding State funding and the District's financial condition, the District is certifying with a Positive Certification. Per State guidelines, a Positive Certification indicates that, based upon current projections, the District **will** meet its financial obligations for the current fiscal year and subsequent two fiscal years.

Conclusion

The First Interim Report is an important document in the District's ongoing communications to its stakeholders. The report and certification provide accountability and evidence of stewardship to our community.

Deviations from the standards must be explained and may affect the interim certification.

CRITERIA AND STANDARDS

1. CRITERION: Average Daily Attendance

STANDARD: Funded average daily attendance (ADA) for any of the current fiscal year or two subsequent fiscal years has not changed by more than two percent since budget adoption.

District's ADA Standard Percentage Range: -2.0% to +2.0%

S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements that have been ratified since budget adoption, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.
