## SUBJECT: PROPOSED BUDGET FOR 2021-22 AND MULTI-YEAR FINANCIAL PROJECTIONS

The estimated ending balances for the 2020-21 fiscal year and our initial budget for the 2021-22 fiscal year are presented here for your review and approval. The District is required by Education Code 42127 to adopt a budget for all District funds for the subsequent fiscal year by June 30 of each year. At the same time, the District presents estimated actual financial results for the current fiscal year. This memo provides a summary of the assumptions used in the preparation of the budget, as well as an analysis of current multi-year financial projections for the District.

## 2020-21 Estimated Unaudited Actuals

The estimated unaudited actuals consist of the District's current budget adjusted to reflect projected and known changes through the end of the fiscal year. These adjustments include:

 Updating the final estimated Local Control Funding Formula (LCFF) projection to our California Department of Finance projection.

There are no material changes to the LCFF estimate since the Second Interim reporting.

• Updating other revenue accounts to reflect actual grant and entitlement amounts as apportioned by the state and federal governments.

Various minor changes to programs have been incorporated into the budget for the Estimated Actuals. The major change in restricted revenue was due to additional CARES (ESSER III) funding.

• Analysis and revision of General Fund expense accounts:

Business Services staff have reviewed line item expenditure budgets, budget vs. actual, for all General Fund programs and accounts. Based upon this analysis, there are three material increases between the budget as presented at Second Interim and the Estimated Actuals.

- o Estimated Actuals adjusted for decrease in projected interest income.
- o Estimated Actuals to decrease for employee benefits savings.
- Estimated Actuals adjusted to decrease site and department discretionary funds for estimated spend in 2020-21 to spend in 2021-22.
- All other 2020-21 budget amounts are not expected to be materially different from the Second Interim budget and thus are carried forward to the year-end projection.

Based upon review of the current actual financial data (as of month-end May, 2021) and the adjustments noted above, the District estimates final unaudited results in the Unrestricted General Fund balance reflects an increase of \$743,880 from the previously reported budgeted net income at Second Interim.

Based upon the assumptions listed above, the Estimated Actuals show a total net decrease to the fund balance of (\$4,370,044). This consists of a net decrease in the Unrestricted Fund of (\$2,470,390) combined with a net decrease in the Restricted Fund of (\$1,899,654). This deficit spending primarily reflects a spending down of prior-year fund balance carryovers of \$1,608,643.

The estimated total ending General Fund balance at June 30, 2021, is \$28,413,082. The Unrestricted Ending Fund balance (Unassigned and Reserve for Economic Uncertainties) is estimated at \$24,243,082.

These projections constitute our best estimate at this time of how the District will finish the 2020-21 fiscal year. Final results will not be known until we close our books and prepare our year-end financial statements (J-200 Unaudited Actuals) in August. Results will be presented to the Board in mid-September.

## 2021-22 Budget

## State Budget Outlook

On January 8, 2021, Governor Newsom introduced his proposed 2020-21 state budget, beginning the legislative process for the upcoming fiscal year. On May 14, 2021, he released his May Revision to his January budget. The May Revision outlines the Governor's expectations for the budget, which the Legislature has until June 15 to revise and pass.

According the Governor Newsom, this budget is a "California Comeback Plan" and includes a mix of ongoing and one-time investments made possible by an unanticipated surge in state revenues and robust federal stimulus funding. The State Budget plan holds a lot of promise for Californians. Every Californian felt the magnitude of COVID-19's disruptive temblors. Governor Newsom believe his plan addresses the immediate needs while building the foundations of a more resilient state in the future.

Building upon the Governor's Budget in January, the May Revision provides additional funding to further reduce the deferrals that were included in the 2020-21 Enacted Budget. The Governor's Budget in January proposed paying down \$9.2 billion of the K-12 deferrals. The May Revision proposes paying down an additional \$1.1 billion, which would leave a balance of \$2.6 billion at the end of the 2021-22 fiscal year.

The May Revision increases the cost-of-living adjustment (COLA) provided in the Governor's Budget in two ways. First, the May Revision recognizes the statutory COLA for 2021–22 at 1.70%—an increase of 0.2% from the Governor's Budget. Second, "to help local educational agencies (LEAs) address ongoing fiscal pressures," an additional \$520 million in Proposition 98 General Fund revenues is being proposed to increase the COLA applicable to the Local Control Funding Formula (LCFF) by an additional 1.00%—bringing it to 2.70%. The 2.70% COLA, compounded with the 2019– 20 statutory COLA of 2.31%, results in an LCFF COLA of 5.07% for 2021–22.

The May Revision continues the state's focus on reopening schools for in-person instruction. Governor Newsom proposes an additional \$2 billion in one-time Proposition 98 funds for health and safety activities associated with reopening schools, including testing and vaccine initiatives, enhanced cleaning, personal protective equipment, and improved ventilation. This investment supplements the In-Person Instruction Grant that was established by Assembly Bill (AB) 86. In addition, the Governor proposes to supplement the Expanded Learning Opportunities Grant from AB 86 with an additional \$2.6 billion to provide interventions for students focused on accelerated learning.

At the time of this writing, the Legislature and the Governor are still in session, and the final budget has not yet been determined. The District budget presented here has been adjusted for the Governor's May Revision proposal for LCFF revenues, as well as the application of the COLA to state categorical programs. The total budget will be reviewed and adjusted once the state passes its final budget, and then continually throughout the year as new information is received.

## FSD 2021-22 Budget

When building its budget, the District utilizes the most up-to-date information and forecasts that it has received from the California Department of Education (CDE) and the Orange County Department of Education (OCDE). The District is required to present its proposed budget for the ensuing fiscal year twice before the June 30 statutory deadline for passage by the Board of Trustees. Given that the Legislature is not required to pass the state budget until June 15, the District will usually not be able to incorporate the effects of the state's June budget in its own June budget. Further revisions to update the District's budget will then be made after the Governor signs the state budget.

Revenue accounts are estimated based upon the CDE's and OCDE's projections, as well as the District's 2020-21 reported P-2 ADA. The District has estimated state LCFF revenue using the annual percentages as projected by the Department of Finance for the May Revision. A COLA of 0.00% has been applied. The District has not added any new state-funded programs to its budget. The Governor did not propose one-time discretionary funding. Deferrals for the February, March, April, May and June 2021 to July, August, September, October, and November 2021 (\$18,561,966) have been included in cash flow projections.

Expenditures are forecast taking into account all known and projected increases and decreases in expenditures, including changes due to our negotiated salary agreements, step and column, changes in staffing and benefits, changes in contracts and leases, and projected inflationary increases.

The District's budget is required by law to be reviewed and approved by OCDE. Our OCDE consultant reviews all of our detailed assumptions for both our 2021-22 budget and three-year projection. A budget built on assumptions that cannot be verified and justified by OCDE will not be approved.

## Revenues

The 2021-22 General Fund Unrestricted budget projects total revenues of \$123.8 million, for a net increase (from 2020-21 estimated revenues) of \$5.9 million. The majority of the net change is due to an increase of \$5.8 million for LCFF Funding due to 5.07% COLA. The other adjustments are due to estimated state revenue higher in 2021-22. Restricted revenue projects a decrease of \$65.02. This is due primarily to one time funding received in 2020-21 for ESSER/CARES funding.

LCFF income is projected to increase due to an increase in the COLA of 5.07% - mega COLA according to Governor Newsom. FSD is in declining enrollment, however, the hold harmless provision still applies. The unduplicated count percent is projected to increase slightly to 54.04% (increase of 0.32% based on a three year rolling average). This results in a per-average daily attendance (ADA) decrease to LCFF funding of 5.03%.

The District P-2 ADA declined in fiscal year 2020-21 by 621.58. Due to AB-86, the District was held harmless for an additional year for this decline. The drop is reflected in the 2021-22 LCFF revenue.

Other revenues are based on historical trends and estimated actuals.

## Expenditures

For 2021-22, total General Fund expenditures are projected at \$152.0 million. The budget reflects routine annual increases required by step and column movement, rate increases for health insurance and for STRS and PERS retirement plans, and other cost of living increases. Overall, the General Fund expenditures will see a decrease due to less one time spending (COVID related).

## Change in Fund Balance

Based upon these assumptions, the estimated total ending General Fund balance for the 2021-22 fiscal year shows a net decrease of (\$134,259) which is entirely from the reduction in the Unrestricted General Fund.

The estimated total ending General Fund balance for the 2021-22 fiscal year is \$28.3 million. The Unrestricted Ending Fund balance (Unassigned and Reserve for Economic Uncertainties) is estimated at \$26.6 million, which is 17.5% of total General Fund expenditures.

## **Three-Year Projection**

The District is required to submit a three-year financial projection for the General Fund at the time of budget submission. However, unlike at First and Second Interim, the District is not required to certify the District's financial status at this time. Detailed assumptions for the preparation of the three-year projection are attached.

The most significant factors in the projection are the state-funded LCFF and the District's projected ADA.

**LCFF:** The District is utilizing the Department of Finance's estimated COLAs and LCFF Funding Rate percentages as of the Governor's May Revision budget proposal. The District is now projecting that its current 54.04% (3-year rolling average) Unduplicated Percentage of enrollment will fluctuate by no more than 0.5% for the subsequent two years of the projection.

**ADA:** The District is projecting a decrease in funded ADA of 621.58 in 2021-22, 200 in 2022-23 and 100 in the 2023-24 fiscal year.

Taking into account all of these changes to the three-year projection, the District projects net decreases in the current and subsequent fiscal years in the Unrestricted General Fund. The projected Unrestricted General Fund ending-fund balance percentages are as follows:

| Fiscal Year<br>Ended | *Available Funds<br>Percentage | Assigned Funds<br>Percentage | Nonspendable | Total Percentage |
|----------------------|--------------------------------|------------------------------|--------------|------------------|
| June 30, 2022        | 17.50%                         | 0.99%                        | 0.11%        | 18.60%           |
| June 30, 2023        | 17.41%                         | 1.00%                        | 0.11%        | 18.52%           |
| June 30, 2024        | 13.75%                         | 0.96%                        | 0.11%        | 14.82%           |

\*Available Funds include Unassigned Funds and 3% Minimum Reserve for Economic Uncertainties.

## Required Disclosure under Education Code section 42127(a)(2)(b) regarding reasons for Ending Fund Balances above the state-recommended minimum level

Education Code section 42127(a)(2)(b) requires a statement of reason that substantiates the need for assigned and unassigned ending fund balances in excess of the minimum reserve standard for economic uncertainties for each fiscal year be identified in the budget.

The District must also have funds available to mitigate the costs of declining enrollment to the District. Additionally, the reserve is maintained to provide for unplanned or emergency expenditures that might occur in the future. The District must also plan for future facilities needs. Finally, the District must also plan for future downturns in the state economy which could negatively affect the District's budget. Projected Unrestricted Ending Fund Balance:

|               | <u>3% Minimum</u> | Nonspendable | <b>Assigned</b> | <u>Unassigned</u> | Total Fund   |

## Conclusion

The 2021-22 Adopted Budget is an important document in the District's ongoing communication to its stakeholders. The report provides accountability and evidence of stewardship to our community. Fullerton School District understands all the caveats in the Governor's May Revision and will take any future changes to the Board for approval on budget changes. In this ever changing situation, we continue to strive for long-term financial stability in line with Board Goal #2.

## **OTHER FUNDS**

**Student Activity—Special Revenue Fund:** The Student Activity Fund records the financial activities from all school sites from their associated student body (ASB). These funds existed in the past, however, in 2021-22, the Fund was implemented within the financial software for inclusion.

**Child Development Fund:** The Child Development Fund records the financial activities from the following District programs: state-funded preschool, state-funded before- and after-school programs, parent-paid before- and after-school care, and tuition-based preschool. Financial results project a decrease of fund balance for the budget year.

**Cafeteria Fund**: The Cafeteria Fund continues have a positive ending fund balance. Participation in the National and State School Lunch and Breakfast programs continues to rise. Financial results are projected to decrease fund balance and a small spend-down of reserves for the budget year.

**Deferred Maintenance Fund**: The Deferred Maintenance Fund is projected to spend down reserves in both the current and budget years. The state suspended funding of the Deferred Maintenance program during the economic downturn and with the advent of LCFF, closed the program. The District plans to spend down the remaining reserves in this fund to complete required deferred maintenance projects.

**Bond Building Fund:** This fund accounts for amounts remaining from the District's former general obligation bonds proceeds. Certain capital expenditures which cannot be funded from the Deferred Maintenance, Developer Fee, or Special Reserve for Capital Outlay Funds are paid for from this fund. The District is in the process of closing out this fund.

**Capital Facilities Fund:** The Capital Facilities Fund accounts for the collection and expenditure of developer fees. Approximately \$325,000 in fees will be collected in 2021-22. Revenues for the budget year are projected and budgeted as cash is received. Expenditures from this fund are for capital projects related to growth in student enrollment.

**Special Reserve Fund—Capital Outlay Projects:** This fund records financial activity primarily related to revenues received from the City of Fullerton as pass-through payments from their Redevelopment Agency. Various capital projects for schools in the designated Redevelopment Areas are financed through this fund.

**Capital Projects Fund—Blended Components:** This fund records the financial activity related to the District's two Community Facility Districts (CFDs). Revenues are taxes collected from homeowners, and expenditures are primarily payments to bondholders as well as administrative expenses related to the CFDs' operations. Various capital projects for schools in the CFD areas are financed through this fund.

**Self-Insurance Fund:** The Self-Insurance Fund consists of three sub-funds: Property and Liability, Workers' Compensation, and the Dental Self-Insurance Reserve. The District is responsible for a \$5,000 deductible per claim for property damage, \$50,000 deductible per claim for liability, and \$1,000,000 per claim for Workers' Compensation. Excess insurance is purchased for amounts over the deductibles. Liabilities are projected and booked, and claims and claims expenses are paid through these two sub-funds. Excess insurance is also purchased from the funds. Currently the District charges a 1.2% payroll tax on all payrolls to fund the Workers' Compensation Fund. This rate provided sufficient funding to cover costs of excess insurance, claims and claims expenses, and the reserve for Incurred But Not Recorded (IBNR) claims for 2020-21. The District funds the Property and Liability Fund by charging an allocated amount to the General Fund.

The Dental Self-Insurance Reserve maintains a balance to pay any claims incurred by the District from a former JPA self-insurance plan in which it participated. There is no activity projected in this reserve.

#### 3C. Comparison of District ADA to Enrollment Ratio to the Standard

DATA ENTRY: Enter an explanation if the standard is not met.

1a. STANDARD MET - Projected P-2 ADA to enrollment ratio has not exceeded the standard for the budget and two subsequent fiscal years.

Explanation: (required if NOT met)

# 4. CRITERION: LCFF Revenue

STANDARD: Projected local control funding formula (LCFF) revenue for any of the budget year or two subsequent fiscal years has not changed from the prior fiscal year by more than the change in population, plus the district's gap funding or cost-of-living adjustment (COLA)<sup>1</sup> and its economic recovery target payment, plus or minus one percent.

For basic aid districts, projected LCFF revenue has not changed from the prior fiscal year by more than the percent change in property tax revenues plus or minus one percent.

For districts funded by necessary small school formulas, projected LCFF revenue has not changed from the prior fiscal year amount by more than the district's gap funding or COLA<sup>1</sup> and its economic recovery target payment, plus or minus one percent.

<sup>1</sup> Districts that are already at or above their LCFF target funding as described in Education Code Section 42238.03(d) receive no gap funding. These districts have a COLA applied to their LCFF target, but their year-over-year revenue increase might be less than the statutory COLA due to certain local factors and components of the funding formula.

#### 4A. District's LCFF Revenue Standard

Indicate which standard applies:

Provide reasons why the projection(s) exceed the standard, a description of the methods and assumptions used in projecting salaries and benefits, and what changes, if any, will be made to bring the projected salary and benefit costs within the standard.

Explanation: (required if NOT met) Due to the Governor's May Revise, there were COLA adjustments in 2021/22 and the two out years. In 2022-23, FSD plans to use COVID/ESSER III funds for approximately \$4 million allowable costs in the unrestricted General Fund.

# S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues, and explain how these commitments will be funded in future fiscal years.

#### If salary and benefit negotiations are not finalized at budget adoption, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards, and may provide written comments to the president of the district governing board and superintendent.
