Subject: Second Interim Report

The District's Second Interim Financial Report consisting of current year financial statements and budgets for all funds, as well as the required State reports, is attached. This memo provides a narrative overview of the report.

Background

The District is required to formally report to our community, the Orange County Department of Education (OCDE), and the State of California our actual financial results of operations three times a year. In addition to providing July 1 through year-to-date results, the reports also provide projected results for future periods. The required reports are as follows:

<u>Report</u>	Reports Actual Financial Results through:	Due Date:
First Interim	October 31	December 15
Second Interim	January 31	March 15
J-200 Unaudited Actuals	June 30	September 15

Financial Reports Included—Second Interim Report to Board

The following reports are provided in this document:

- Second Interim Budget Projections (showing the First Interim Budget and the Second Interim Budget)
- Second Interim State Report (SACS format)
- Multi-year Projections
- Cash Flow Projections
- State Criteria and Standards Review

Year-to-date financial statements reflect actual financial results from the District's accounting system, which is maintained through OCDE on the Bi-Tech accounting system. For the First and Second Interim Reports, results are on a cash basis (no accruals are booked). Accruals are recorded for the year-end financial statements.

Current year budgets and multi-year projections are based on information provided by OCDE, the California Department of Education, School Services of California, and other relevant professional sources. A summary of the various factors used is attached at the end of this memo. Additional discussion is provided below.

Current Year Budget

At Second Interim, the District updates its First Interim Budget (approved by the Board of Trustees on December 5, 2017) to reflect current financial projections. In addition to routine budget adjustments and reclassifications, the following non-routine changes were made to the 2017-18 budget from First to Second Interim:

In the Unrestricted General Fund, the effect of the negotiated settlement with the District's certificated bargaining unit (FETA), classified group (CSEA), and management group (FESMA) were added. The District reached an agreement with the groups after the First Interim Report was prepared which provides a 1% ongoing salary increase retroactive to July 1, 2017, and a 1% one-time off schedule agreement.

All other adjustments were routine in nature.

Routine Second Interim Budget Adjustments: The District has reviewed all of its programs, cost centers, and accounts, and has adjusted its Second Interim Budget projection to reflect the following:

- A slight increase in funding level percentages by the State has resulted in a \$27,875 increase to projected 2017-18 LCFF (Local Control Funding Formula) revenue.
- At Second Interim, the District reviews all revenue accounts that are based on Average Data Attendance (ADA). If start-of-school enrollment is materially higher from budget projections, revenues will be recalculated based upon updated ADA projections. Second-month enrollment totaled 13,289—56 less than second-month enrollment for the 2016-17 school year. In the case of declining enrollment, the State "holds harmless" a District for the first year, allowing the District to claim the (higher) prior year ADA for apportionment funding. Therefore, the District is still using the same (2016-17 Second Period) ADA in the Second Interim Budget. The effect of the declining enrollment is reflected in the 2018-19 projection (discussed further below).
- Categorical revenue accounts updated to most recent grant/entitlement letters and other information received from the State and federal governments. Corresponding expenditure accounts are also adjusted accordingly. Indirect costs are updated to reflect changes in total estimated expenditures.
- Other income accounts analyzed and adjusted to reflect year-to-date receipts and estimated year-end amounts.
- Revenues and expenditures of programs that encroach on the General Fund updated to current projections and contribution accounts adjusted accordingly.
- Salary and benefit accounts adjusted to reflect updated staffing levels and changes to benefit costs, including health insurance costs.
- All expenditure accounts analyzed and adjusted to reflect year-to-date expenditures and estimated expenditures to finish the year.

At the First Interim Budget, the District projected an Unrestricted General Fund net decrease for the 2017-18 fiscal year of (\$3,955,007). After all the above adjustments, the 2017-18 updated Second Interim Budget reflects a net decrease of (\$5,239,448). This is a budget increase of (\$1,284,441); the majority of this decrease (\$1,520,000) is due to the negotiated settlement with all groups.

The revised ending unrestricted fund balance is projected at \$24,975,878, or 17.66% of the General Fund expenditures. This amount is \$20,734,109 above the State-required 3% reserve.

Multi-Year Projections

The most important element of the Second Interim Report is the three-year projection for the General Fund. In this forecast, the District projects its financial prognosis for the current and subsequent two years. The purpose of the projection is to report to its stakeholders on the continued fiscal viability of the District. The projection provides the rationale for the District's choice of certification options (Positive, Qualified, or Negative) on its Certification of Financial Condition.

Please refer to the attached summary for details of the significant variables and assumptions used in the preparation of the District's three-year projection.

The following discusses the most significant items in the three-year projection:

LCFF: The District is utilizing the Department of Finance's estimated COLAs and LCFF Funding Rate percentages. The Governor's January Budget proposed a gap closure rate of 100.00% for 2018-19. While this is not the final number, our budget is showing this projection.

FSD is currently reporting a 50.61% Unduplicated Percentage of enrollment. The percentage is not projected to be materially different in the subsequent two years.

ADA: Based upon the 2017-18 drop in enrollment, the District is projecting a decrease in apportionment earning ADA of 198 in 2018-19. There is currently no change projected for 2019-20.

Mandated Cost Revenues: In 2018-19, the Governor has proposed another payment to be made to all districts meant to buy down prior-year mandated cost claims owed to the districts. This results in a one-time increase to unrestricted State revenues of \$3,825,929 to be added to the District's 2018-19 budget. \$1,000,000 in expenses has been added in 2018-19 to expend a portion of the one-time increase. This expense is subsequently backed out in 2019-20.

Employee Compensation: The 2018-19 projection is adjusted for the increase of the 1% on-schedule salary for FETA, CSEA, and management that was effective retroactive to July 1, 2017. The multi-year projection also backs out the 1% off-schedule bonus that was received in 2017-18.

Also in 2018-19, the budget projection includes \$1,518,788 for projected increases in STRS and PERS rates to be paid by the District. An additional \$1,562,577 is added in 2019-20.

Routine step and column and benefit increases are reflected in the three-year projection. No other increases to salaries are included.

Budget Additions: \$566,000 in additional costs for the Dual Immersion program has been added to the 2018-19 projections. This projection has increased from First Interim since a new program will be opening in 2018-19. \$421,000 has been added for the same program for 2019-20.

Other Non-routine Additions to the 2018-19 Budget: Other non-routine, discretionary additions to the budget have not been reflected in the 2018-19 projection. These will be reflected in the June budget as necessary.

Ending-Fund Balances

Taking into account all of these changes to the three-year projection, the District projects a net decrease in the current year and an increase in the two subsequent fiscal years in the Unrestricted General Fund. The projected Unrestricted General Fund ending-fund balance percents are as follows:

June 30, 2018	17.66%
June 30, 2019	19.03%
June 30, 2020	15.94%

Required Disclosure under Education Code section 42127(a)(2)(b) regarding reasons for Ending-Fund Balances above the State-recommended minimum level

Education Code section 42127(a)(2)(b) requires a statement of reason that substantiates the need for assigned and unassigned ending-fund balances in excess of the minimum reserve standard for economic uncertainties for each fiscal year be identified in the budget.

The Board of Trustees of the Fullerton School District currently maintains a prudent reserve which provides for anticipated future expenditures for technology, instructional materials, and other necessary instructional expenditures. The District must also have funds available to mitigate the costs to the District of declining enrollment. Additionally, the reserve is maintained to provide for unplanned or emergency expenditures that might occur in the future. The District must also plan for future facilities needs. Finally, the District must also plan for future downturns in the State economy which could negatively affect the District's budget.

Certification

Based upon current projections and budget assumptions regarding State funding and the District's financial condition, the District is certifying with a Positive Certification. Per State guidelines, a Positive Certification indicates that, based upon current projections, the school district will meet its financial obligations for the current fiscal year and subsequent two fiscal years.

Conclusion

The Second Interim Report is an important document in the District's ongoing communications to its stakeholders. The report and certification provide accountability and evidence of stewardship to our community.

S8. Status of Labor Agreements

Analyze the status of employee labor agreements. Identify new labor agreements that have been ratified since first interim projections, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.

S9. Status of Other Funds

Analyze the status of other funds that may have negative fund balances at the end of the current fiscal year. If any other fund has a projected negative fund balance, prepare an interim report and multiyear projection for that fund. Explain plans for how and when the negative fund balance will be addressed.

S9A. Identification of Other Funds with Negative Ending Fund Balances

DATA ENTRY: Click the appropriate button in Item 1. If Yes, enter data in Item 2 and provide the reports referenced in Item 1.

1. Are any funds other than the general fund projected to have a negative fund balance at the end of the current fiscal year?

No

If Yes, prepare and submit to the reviewing agency a report of revenues, expenditures, and changes in fund balance (e.g., an interim fund report) and a multiyear projection report for each fund.

2. If Yes, identify each fund, by name and number, that is projected to have a negative ending fund balance for the current fiscal year. Provide reasons for the negative balance(s) and explain the plan for how and when the problem(s) will be corrected.

ADDITIONAL FISCAL INDICATORS

A6.	Does the district provide uncapped (100% employer paid) health benefits for current or retired employees?	No
A7.	Is the district's financial system independent of the county office system?	No
