Board Policy

Title I Program Improvement Schools

BP 0520.2

Philosophy, Goals, Objectives and Comprehensive Plans

Board Adopted: August 24, 2010

The Board of Trustees is committed to enabling all District students to meet State academic achievement standards and to narrowing the achievement gap among student groups. To that end, the Board shall assist all District schools, including those receiving federal Title I funds, to achieve adequate yearly progress, as defined by the State Board of Education.

Whenever a District school is identified by the California Department of Education as in need of program improvement (PI), the Superintendent or designee shall ensure that school improvement efforts are coordinated and aligned. He/she shall also revise the school's Single Plan for Student Achievement in accordance with law and as specified in administrative regulation.

Depending on the length of time a District school has been identified for PI, the District shall provide opportunities for student transfers, supplemental educational services, other corrective actions, and/or restructuring in accordance with law.

Program Evaluation

The Board shall annually review the adequate yearly progress of each District school based on State academic assessments and other indicators specified in the State plan for the No Child Left Behind Act. The Superintendent or designee shall publicize and disseminate the results of this review to parents/guardians, principals, schools, and the community so that the instructional program can be continually refined to help all students meet State academic standards. (20 USC 6316)

As necessary based on the results of these evaluations, the Board may require the Superintendent or designee to review and revise any of the school's reform plans, including the school's Single Plan for Student Achievement, allocate additional resources toward the implementation of the plan, and/or require more frequent monitoring of the school's progress in order to raise student achievement.
