Board Adopted: June 8, 2010

To enhance communication with students, parents/guardians, staff, and community members, the Board of Trustees encourages the development and ongoing maintenance of District and school web sites. Web sites shall be aligned with the District's plans for communications and media relations.

The Superintendent or designee may establish design standards for District and school web sites in order to maintain a consistent identity, professional appearance, and ease of use.

Content

The Superintendent or designee shall develop content guidelines for District and school web sites. These guidelines shall be consistent with law, Board policy, and administrative regulation.

Staff, students, or other persons may submit materials for web publication to the District or school webmaster who shall consult with school/department administrator to ensure that the content adheres to District guidelines and policies.

District and school web sites shall not include content that is obscene, libelous, or slanderous, or which creates a clear and present danger of inciting students to commit unlawful acts, violate school rules, or substantially disrupt the school's orderly operation.

The Superintendent or designee should ensure that copyright laws are not violated in the use of material on District or school web sites.

Any links to external web sites shall support the educational mission and shall include a disclaimer that the District is not responsible for the content of external web sites.

Advertising on District or school web sites may be accepted under the same restrictions and conditions set forth in law, Board policy, and administrative regulations pertaining to advertising in District and school-sponsored publications.

Privacy Rights

The Superintendent or designee shall ensure that web site content protects the privacy rights of students, parents/guardians, staff, Board members, and other individuals.

Phone numbers, home addresses, and email addresses of students or their parents/guardians shall not be published on a District or school web page without written permission.

Other directory information including, but not limited to, photographs of individual students with their names may be published except when the student's parent/guardian has notified the District in writing to not allow the release of the student's photograph without prior written consent in accordance with BP/AR 5125.1 - Release of Directory Information. Photographs of groups of students, such as at a school event, may be published provided that students' names are not included.

Home addresses or telephone numbers of staff members shall not be posted.

No public safety official shall be required as a condition of employment to consent to the posting on the Internet of his/her photograph or identity as a public safety officer for any purpose if that officer reasonably believes that the disclosure may result in a threat, harassment, intimidation, or harm to the officer or his/her family. (Government Code 3307.5)
